Taking Your Acting to the Next Level

Grades 6th-8th:

Students will go beyond learning the basics and start to spread their creative wings. They will learn about proper vocal and physical warm-ups, theatrical terms and jobs and through games and exercises, how to make a complete three dimensional character using their bodies and five senses.

Wednesday Evenings 6:00 to 7:15

High School Freshman - 19 yrs old

This class is for young adults with some stage experience that are now ready to take the leap to a more adult style of acting. This class is perfect for actors entering high school or college and wanting to prep for the next level of productions. Students will work through exercises, scenes and monologues (both classic and contemporary) and learn how to go deeper into character analysis to make bold physical and internal character choices themselves.

Wednesday Evenings 7:30 to 8:45

Session runs 8 weeks - June 14 through August 2
