

## **Love our intimate space?**

Past patrons love what we can do with our intimate space, with infinite possibilities. In order to keep our playhouse up and running, we must make improvements to keep our building up to date with capital improvements.

We have formed a Building Committee which has put together a proposal that includes improvements that directly benefit you, our patrons. We'll be sharing these plans soon!

If you enjoy good theatre in an intimate setting, please fill out this form and mail it with your check or credit card info.

Village Theatre Guild
